

**POKENO COMMUNITY COMMITTEE  
MONTHLY MEETING**

**Tuesday, 10 OCTOBER 2017 – 7.00pm**

Pokeno Community Hall, Cnr Great South Road and Market Street

**AGENDA**

1. Apologies
2. Confirmation of Status of Agenda
3. Disclosure of Interest
4. Confirmation of Minutes 2
5. Presentation: Sports Waikato & Counties Manukau Sport 7
6. Pokeno Wastewater Construction Update 8
7. Pokeno Works & Issues Report 12
8. LTP Update 16
9. Community Committee Schedule 17
10. Councillor's Report 20
11. Committee Reports 21
12. Next Meeting's Agenda Items
13. General Business

*Council Staff in attendance: Sue O’Gorman*

*Representatives from Sports Waikato and Counties Manukau Sports will be in attendance to discuss item 5.*

---

**Open Meeting**

<b>To</b>	Pokeno Community Committee
<b>From</b>	Gavin Ion Chief Executive
<b>Date</b>	28 September 2017
<b>Prepared by</b>	Wanda Wright Committee Secretary
<b>Chief Executive Approved</b>	Y
<b>Reference #</b>	GOV0516
<b>Report Title</b>	Confirmation of Minutes

**1. EXECUTIVE SUMMARY**

---

To confirm the minutes of the Pokeno Community Committee meeting held on Tuesday 12 September 2017.

**2. RECOMMENDATION**

---

**THAT the minutes of the meeting of the Pokeno Community Committee held on Tuesday 12 September 2017 be confirmed as a true and correct record of that meeting.**

**3. ATTACHMENTS**

---

PCC Minutes

**POKENO COMMUNITY COMMITTEE**

**MINUTES** of the monthly Pokeno Community Committee meeting held in the Pokeno Hall, Pokeno on 12 September 2017, commencing at 7.00pm.

**Committee Members Present:** Helen Clotworthy, Ric Odom, Janet McRobbie, Morris Roberts, Todd Miller,

**Guests In Attendance:** Sue O’Gorman (Waikato District Council)  
Suzie Marinkovich (Waikato Regional Council)  
Janette Underwood (Consultant Engineer, Waikato Regional Council)

**Councillors In Attendance:** Cr J Church  
Cr S Henderson

**Community Members** Community members were present

**Attending**

**1. APOLOGIES**

Apologies were received from Tricia Graham, Kris Hines, Paul Heta, Wayne Rodgers, Lance Straker and Charles Hackett

**Moved:** Helen Clotworthy

**Seconded:** Janet McRobbie

**Carried**

**2. DISCLOSURES OF INTEREST**

There were no disclosures of interest.

**3. CONFIRMATION OF THE STATUS OF THE AGENDA**

The agenda as notified was confirmed.

**Moved:** Helen Clotworthy

**Seconded:** Todd Miller

**Carried**

**4. CONFIRMATION OF PREVIOUS MINUTES**

**THAT** the minutes of the meeting held on 8 August 2017 be confirmed as a true and correct record of that meeting.

**Moved:** Helen Clotworthy

**Seconded:** Janet McRobbie

**Carried**

**5. MATTERS ARISING FROM THE MINUTES**

There were no matters arising.

## **6. UPDATE ON THE NORTH WAIKATO PUBLIC TRANSPORT REVIEW**

Suzie Marinkovich from the Waikato Regional Council (WRC) Public Transport Operations Team provided an update on the Review, focusing on the bus aspects rather than rail. WRC has agreed that improving public transport for the area – especially bus transport – is a priority.

Suzie encouraged the Pokeno community to make submissions on the options identified in the review and in response to questions indicated that WRC will work with WDC staff to estimate the potential effect on rates of the various options. Helen advised that the Committee would generate a post on the Pokeno Facebook page with a link to the website that contains the Review and it may also be possible to run a Facebook poll indicating which options are preferred. Suzie agreed to send Helen relevant information and links that can be posted on Facebook.

**THAT the report from the General Manager Service Delivery be received.**

**Moved: Helen Clotworthy**

**Seconded: Todd Miller**

**Carried**

## **7. PROPOSED 2017 AMENDMENTS TO THE WAIKATO DISTRICT COUNCIL SPEED LIMITS BYLAW 2011**

Janette Underwood spoke to the proposed amendments to the speed bylaw focusing in particular on what those changes may mean for the Pokeno area. Janette urged Pokeno residents to make submissions on the proposal and this could easily be done via the “Have Your Say” section of the WDC website. Submissions are open from 13 September to 13 October. The Committee will post an appropriate article on the Pokeno Facebook page, with a link to the WDC website.

**THAT the report from the General Manager Service Delivery be received.**

**Moved: Helen Clotworthy**

**Seconded: Morris Roberts**

**Carried**

## **8. LONG TERM PLAN STATE OF PLAY**

Sue O’Gorman provided an update and pointed out that there will be significant affordability challenges: noting that the WDC area is only about 10% smaller than that of Auckland but has a ratepayer base of only 65,000. There was considerable discussion and Cr Church offered to send some information on the information the Tamihere community Committee provided to WDC in order to access some WDC funds. This may be useful to inform the Pokeno Community Committee.

**Moved: Helen Clotworthy**

**Seconded: Todd Miller**

**Carried**

## **9. FEEDBACK ON NEIGHBOURHOOD PARK OPEN DAY**

Helen provided feedback from the open day held on Sunday 10 September. There were about 30 who visited the park and recorded their views at the site and there have been a number of comments on Facebook. It was acknowledged that the team from Dines – Colin and Lisa – did a very good job in

putting the material together and answering questions on the day. Colin will probably provide detailed feedback.

#### **10. POKENO WORKS AND ISSUES**

Sue O’Gorman spoke to the Works and Issues agenda item and acknowledged that some key information such as time lines is missing. WDC staff are working on adding more information – providing more depth to the reporting. Sue also noted that some definitive answers on the future of the proposed sports ground need to be developed. Cr Church also asked for more information on the proposed new cemetery in the area be provided. There was concern expressed that the funding to improve the footpaths on Helenslee Road had still not been approved. This is an issue that Pokeno residents feel strongly about, regarding it as a health and safety issue. There was a sense that some issues may have been omitted from the papers.

**THAT the report from the General Manager Strategy & Support be received.**

**Moved: Helen Clotworthy**

**Seconded: Ric Odom**

**Carried**

#### **11. COMMUNITY COMMITTEE SCHEDULE**

Cr Church suggested that WDC staff might be able to apply (or draft a paper for) the Pokeno Community Committee to receive a small grant for Committee activities. A recently approved application from the Tamihere Community Committee was cited as an example.

It was agreed to move the presentation from the Pokeno Land Consortium from the December meeting to the November meeting.

The idea of a community parade – such as a Christmas Parade was raised by a member of the public and while there was no objection to the idea, it was noted that organizing such events takes considerable time and effort. There was discussion on a similar event being organized for a time other than Christmas if suitable organizer can be found. It was agreed to consider this at a future meeting.

#### **12. COUNCILLORS REPORT**

Cr Church provided a brief overview on a range of topics including:

- Council approved FPP as the voting system to be adopted for the next election noting this could be challenged if sufficient ratepayers objected.
- Council is considering a bylaw targeting ‘boy racers’.
- Council signed off the playground strategy.
- Plans for Civil Defence in Tuakau will be discussed on 3 October and may be of interest to Pokeno.
- Tuakau will be having a clean-up day on 24 September as part of ‘Keep New Zealand Beautiful’ Week.

In 2014 Dines was fined \$19,000 for cutting down a historic tree in Hitchen Rd Pokeno. A question was raised as to where this money resides. This money ought to be spent on a Pokeno Community project.

**NEXT MEETING AGENDA ITEMS**

No changes.

**13. GENERAL BUSINESS**

The Pokeno Community Patrol AGM is at 1.00pm 26<sup>th</sup> September at the Pokeno Hall.

Rev Andrew Beyer spoke to the Community Cup of Tea (Meet and Greet) meetings occurring at the Pokeno Hall on Thursdays. There is no cost for those attending with a number making voluntary contributions to cover costs. There are usually approximately 15 people attending and there has been very good feedback. The group will host a Christmas Party and are considering initiating a similar event specifically for young mothers (and dads) and their babies.

The Anglican church will again be having carol singing this Christmas.

Janet McRobbie provided an update from the Queens Redoubt AGM which attracted a good turnout. The Queens Redoubt trustees are wanting to open the Redoubt on Sundays to coincide with the Pokeno Market and are looking for volunteers to assist.

**CLOSURE**

Helen Clotworthy thanked the visitors for their attendance and contribution. There being no further business, the meeting was declared closed at 9.30pm.

The next meeting of the Pokeno Community Committee will be held on Tuesday 10 October 2017 at 7.00pm in the Pokeno Hall

**REPORT:****Pokeno Wastewater Reticulation Phase II Update**

Since contractors Fulton Hogan started work in April, they've made great progress installing the main network in the residential area of Pokeno township.

Private connections to properties are well underway (60% of the way through) and as a whole the entire project is about 75% complete.

Of the 121 properties eligible to connect to the wastewater system, 48 have signed up to connect, with a further 18 indicating intent (awaiting return of signed agreement) and a further 8 connections undertaken in the Phase One catchment.

As of 1 September, there are 14 private connections still to be completed on the following roads: Ford Street, Pokeno Road, Market Street and Hitchin Road.

Once all private connections have been made, reinstatement of local roads, berms, private properties (if required) and a general tidy-up will be undertaken.

The expected completion date of the project is expected to be the end of October 2017.

Council will still accept connection sign-ups with a 50% subsidy while contractors are still working on the project.

Once contractors have completed the work, anyone who wants to connect after completion will have to pay the full cost (\$27,237), unless a prior arrangement has been made (some properties are changing ownership and easement issues).

**Respecting Pokeno's Heritage**

Because of Pokeno's significant heritage value, archaeological monitoring and cultural protocols have been key parts in the delivery of the Pokeno Wastewater Phase II Project.

Ngaati Tamaoho along with archaeologist Alexy Simmons briefed contractors Fulton Hogan, Council staff and local residents about what was required before contractors headed into the area surrounding Queen's Redoubt.

Teams were fully engaged and expressed an interest in what may be found as work progresses.

The last property in the immediate vicinity of Queen's Redoubt was due to be connected by 1 September. Prior to this, nothing of archaeological or cultural significance had been uncovered.

**Community feedback**

The majority of residents have expressed positive feedback during the project thanks to the quality of work and engagement by Fulton Hogan and Council staff. Any inconveniences caused by work were accepted with minimum fuss, positive emails were received from satisfied residents and at least five residents provided morning teas for the contractors.

The community was generally well informed about the project thanks to the excellent early engagement work undertaken by Norm Hill.

# Pokeno

## township wastewater system

August 2017

### Project update

Since our contractors Fulton Hogan started work in April, they've made good progress installing the main network in the residential area of Pokeno township covered by the Pokeno Wastewater Reticulation Phase II Project. They have now started private connections to properties and as a whole the entire project is about 75% complete. The expected completion date is September/October 2017.

#### Can I still connect?

For those who have not signed up to the Phase II Wastewater Reticulation Scheme, there is still time to connect while taking advantage of the 50% subsidy offered by Council. If you are one of those who are interested in connecting, please contact the project manager, Paul White on paul.white@waikato.govt.nz, to arrange an on-site meeting. **You have until 1 September 2017.**

#### How much will it cost?

As mentioned, Council is paying half, until construction in your area is complete. If you decide to connect after the construction phase you will need to pay the total cost of connection.

#### Residential Connection Cost (Capital Contribution)

Total cost	\$27,237
Less subsidy	\$13,618
Actual cost	\$13,619 including GST

#### What does this cost cover?

- Connection to the new system
- Decommissioning of the existing septic system and reinstatement to match existing surface
- Contribution towards public infrastructure to provide a reticulated wastewater system to the Pokeno township

#### How can you pay your contribution?

You have two payment options to choose from. Either three lump sum payments over one rating year, or by annual instalments over 10 years, including interest. Connection to the system isn't mandatory. If your property is suitable for on-site treatment and disposal, this could still be used. But if the pipeline runs past your property and you choose not to connect, you'll still need to pay an annual availability charge. This will be half the annual targeted rate that covers operational costs of the wastewater system.

### Respecting Pokeno's heritage

Pokeno is an area of huge historical significance due to its position as a Maori settlement area and a key strategic point for European forces in the New Zealand Wars in the 1860s. Given this history there is a potential that pre-1900 buried archaeological remains of Maori and European occupation might be found in parts of Pokeno. Because of this potential, archaeological monitoring and cultural protocols are key parts of the Pokeno Wastewater Phase II Project. Ngaati Tamaoho along with archaeologist Alexy Simmons briefed contractors Fulton Hogan, Council staff and local residents about what was required before contractors headed into the area surrounding Queen's Redoubt. Teams were fully engaged and expressed an interest in what may be found as work progresses. All present at the meeting were keen to know more about the history of Pokeno.

### Timely reminders

As we approach the end of the project, we feel it is prudent to remind those people who have decided not to join the scheme to ensure their septic tanks are regularly maintained. It is also a good time to say that what the public flushes down the toilet, and down the kitchen sink, has the potential to affect Council's wastewater system and private septic tanks.

About 80% of wastewater overflows from Council's wastewater network are caused by blockages.

Always remember – only flush pee, poo and (toilet) paper down the loo. Dispose of things like wipes, sanitary pads and all other foreign objects in the bin.

And think at the sink after cooking. Oils and animal fats should not go down the sink. Soak it up in kitchen paper and put it in the bin.

### And finally.....

We at Waikato District Council would just like to say a big thank-you to the community of Pokeno for their patience and co-operation during this project so far.

### Stay informed

If you want to receive updates about the project, send your email address to Pokeno.Scheme@waikato.govt.nz or go to [www.waikatodistrict.govt.nz/pokenowastewater](http://www.waikatodistrict.govt.nz/pokenowastewater) Or you can contact project manager Paul White on paul.white@waikato.govt.nz

			pavement and any required associated improvements, will be coordinated as part of the wider central village project.
Rates, Pokeno Hall	Rates	Queried why have they been invoiced \$2,700?	This invoice was for rates. The invoices have been sent to the Pokeno Hall secretary. Staff are working through this issue with the Hall secretary. CLOSED SEPTEMBER
Village Concept Plan	Strategy & Support		OCTOBER: Staff have started making contact with key property owners and stakeholders regarding their individual aspirations. The intention is to summarise some of this thinking, together with initial aspirations from stakeholders such as the District Health Board, before it is shared with the community via the Community Committee. It is thought that between three to four property owners, including Council, there is a basis to move forward. This is a workstream now, getting focused attention. We will report to you further next month.
