Request to Suppress Personal Information from the Rating Information Database

Local Government (Rating) Act 2002

To:
The Chief Executive
Waikato District Council
Private Bag 544
NGARUAWAHIA 3742

The Local Government (Rating) Act 2002 requires local authorities to give public access to its Rating Information Database ("RID").

Key information that the RID must contain for each rating unit (property for which you receive a rate account) within the Waikato District includes:

- All information relating to each rating unit that is included in the District Valuation Roll.
- The name of the owner/s of the rating unit;
- The postal address of the owner/s of the rating unit.

Every owner has the right individually to make a request (which must be in writing) that his or her name and/or address be withheld from the RID.

The Council will not sell bulk listings of names and postal address details on the RID, nor will such details be made available for any bulk electronic downloading.

APPLICANT

I apply to suppress my own personal information which is held on the Waikato District Council Rating Information Database in respect of the property named below. I understand that only my information will be suppressed, and not that of any other person associated with the property.
