Applicant's Signature: Date:

OFFICE USE ONLY

Request for No-spray Zone approved? YES / NO Added to property number
Letter of approval sent to customer on Copy of application to Roading Engineer
QA Zone Application number

See overleaf for conditions for No-Spray Zone

Roadside Weed Spraying Conditions for a No-spray Zone

In joining the No Spray Register, the resident agrees to take over the responsibility for:

- **eradicating all noxious and undesirable plants;**
- **keeping the road frontage clear and tidy;**
- **keeping drainage paths free of obstruction and fully operational at all times;**
- **keeping vegetation cleared from around signs, posts and other street constructions where the mower cannot reasonably reach. A radius of one metre is appropriate in most cases;**
- **ensuring that the ‘no-spray’ markers remain clearly visible to the spraying contractor.**

NOTE: If these conditions are not maintained and the spraying contractor sees an overgrown frontage, then the operator is required to spray the area as normal.

To ensure the spraying contractor can easily recognise your property frontage as a no-spray zone, Council can provide no spray markers to indicate the beginning and end of your frontage. It is essential that these markers remain clearly visible at all times. Please contact Council to arrange collection of the markers.
