Section 1: Applicant

Name:
 (Please print) Please tick one for preferred method of communication

Postal Address:

Email Address:

Daytime Telephone No:

Section 2: Connection/s

Property address:

Building Consent / Subdivision No:

Legal Description:

Please tick one

Standard 20mm Connection (max of 3) How many?.....

Applications for standard 20mm new connections to water supply installed by Council, will require the payment of a connection fee and/or a development contribution at the time of application.

Restricted supply area per Water Supply Bylaw 2014 will require a flow restrictor put in with the water meter. This will limit the daily intake to 1.8m³ at a steady flow rate through the water meter. Customers receiving a restricted flow supply shall make provision for onsite water storage of a minimum volume of 22m³, or equivalent of at least 48 hours of average water use where this is greater than 22m³.

Please note in accordance with the Councils Fees and Charges this connection is installed at owner/agent cost.

Greater than 20mm Connection Size

Applications for greater than 20mm new connections to water supply will generally require the payment of a development contribution at the time of consent approval.

Maximum daily demand m³ per day:

Volume of on-site storage:

The connection should be completed by a NZ Certificate in Infrastructure Works Level 4 water strand needed for working on water assets qualified contractor in accordance with the Regional Infrastructure Technical Specifications.

Relocate existing water connection Meter Number

OFFICE USE ONLY:

Acceptance Date: **Paid Date:** **Initials:**

Section 3: Checklist

Before you submit this application for processing, please make sure you have the following as it cannot be processed without them (these should be showing existing water supply (if any) and proposed water supply):

Please tick one

If due to subdivision must – attach approved subdivision plan showing services and/or approved engineer water plan **or if not**

Draw/Attach a scalable site plan

For commercial properties, name and copy of certificate of contractor hired to complete the connection.

Section 4: Important Information

1. The following on-going charges will apply.
 - Fixed targeted rate
 - A charge per cubic metre used
2. The development contributions and on-going charges for water supply are listed in the Council's Schedule of Fees and Charges and can be viewed on www.waikatodistrict.govt.nz or you may contact the Council for more information.
3. An approved backflow preventer will be required for all industrial or commercial uses, for residential properties connected to storage tanks, properties in the restricted supply area, properties with fire sprinkler systems and for swimming pools.
4. Acceptance of the water supply signifies acceptance of the Council's conditions of Water supply bylaw and regulations.
5. Water supply will not be connected by the Council until all relevant fees and charges have been paid.
6. This application is valid for 12 months from the date that the Council accepts the application.
7. If payment has not been received by the end of the financial year (30th June), there will be a change in the charges in accordance with the fees and charges for the new financial year.
