Application to remove flow restrictor

Section 1: Applicant

Name: Valuation Reference Number
(Please print)
Location of Property:
Meter Number
Postal Address:
Email Address:
Daytime Telephone No:

Section 2: Application

I wish to request a flow restrictor removal for the above property for a maximum period of 4 months.
Date I would like the restrictor removed
Payment via: NZ \$143.00 (GST Inclusive)
Credit Card Eftpos Cheque
Internet Banking BNZ - Waikato District Council (02-0316-0246517-00)
I agree to the conditions below.
Signed (Owner) Date:

Section 3: Conditions

- 1. Flow restrictor removal cost is \$143.00 GST inclusive for the rate year 1 July 2018 to 30 June 2019
2. All consumption through the meter is the owner's responsibility. This will be charged to the owner and is separate to the initial \$143.00 flow restrictor removal cost.
3. The flow restrictor is removed to provide full flow water while a storage tank and pump equipment is installed on the property.
4. The minimum capacity of tank required should provide 48 hours storage, or twice the daily water allocation for the property. This is normally 3600 litres.
5. The flow restrictor will be installed at the end of the four month period, regardless of whether building on site has been completed.

Please return all documentation to:
