Would you like to see changes made to your local park?

Tell us what you think!

Waikato District Council has drafted a Neighbourhood Parks Reserve Management Plan in accordance with the Reserves Act 1977.

The plan covers over 50 parks across the Waikato District. Managament plans are helpful because they identify appropriate uses of each reserve and outline development and management of parks into the future.
The draft Neighbourhood Parks Reserve Management Plan provides you with the opportunity to comment on how you would like your neighbourhood park to be managed and developed.

Neighbourhood parks are spaces primarily used by local communities for casual recreation, play, relaxation and community activity. They often link to other areas, are a quiet open space and often include walkways and playgrounds.

Would you like to see something different in your park or reserve? Let Council know by making a submission.
The draft plan will be released for a two month public submission period from 20 April to 24 June. Council encourages everyone who uses Waikato parks to have their say.

You can get involved by:

Entering it online at www.waikatodistrict.govt.nz/sayit
Emailing it to consult@waidc.govt.nz
Posting it to Waikato District Council, 15 Galileo Street, Ngaruawahia 3720
Faxing it to (07) 824 8091
Deliver it to any Council office or library
